Headquarters Action Required: For Information

1. The following information may be useful to headquarters in connection with Ref. [redacted] memo of conversations with subject and Cardinal Tisserant: [redacted]

The name of "George" was spontaneously mentioned to [redacted] by Father Gorostarza, Assistant General of the Jesuits in charge of French Affairs. The name came up incidentally in the course of a conversation held 18 November. Gorostarza described George as a former Jesuit who was doing a great deal of traveling and whose financial resources and ability to obtain all sorts of visas into various countries Gorostarza could not quite understand. Gorostarza said that George had worked closely with the predecessor to the present Jesuit General. He said that George at one time had received some sort of American support but that such support could hardly account for the ease with which George was getting visas.
